# Expertise & Service

## Our Service

The type of service you receive will be dictated by you. If you require an Account Executive from your local PIB Group office to personally take care of your insurance programme, we can provide that service for you.

If you are looking for a simple insurance package cover that will be serviced by our specialist team, where all documentation is issued electronically and any mid term alterations or questions about your insurance are dealt with the same day, then we have a team that will provide that level of service for you.

**“There is only one way we provide you with our services – your way”**

- > Expert advice
- > Efficient servicing
- > Claims support
- > Free insurance review
- > Tailored insurance covers
- > Local Broker servicing
- > Employee benefits advice

## Our Experience

When it comes to specialising in commercial insurance and employment benefits, PIB have a team that have supported recruitment businesses with their insurance requirements for over 20 years.

Currently looking after over 2,000 recruitment businesses within the PIB Group, we are confident that we have a solution to all your business insurance requirements whether you are setting up a new venture or the CEO of an international corporate entity.

**“Our focus is on the insurance market expertise, specialist client focus, strong personal relationships and client service excellence”**

# Insurance Covers

## > **Employers & Public Liability**

We can provide you with standard Employers and Public Liability cover for your business if you specialise in placing permanent staff only, or wider protection including any contractual liability you agree to when placing temporary workers

## > **Professional Indemnity**

Standard professional indemnity provides cover if a third party holds your business responsible for a financial loss caused by an act, error or omission made by one of your employees.

This cover can be further extended to include any error or omissions made by a temporary worker you provide under contract (Vicarious Liability)

## > **Directors and Officers**

This provides protections for the private assets of any company director or officer in the event that they are held responsible for any act, error or omission whilst they carry out their daily duties within the business

## > **Drivers Negligence**

If you provide temporary drivers, you may be required under contract to insure any damaged caused to the vehicle that your temporary driver is provided.

This is not motor insurance, the cover only pays out for damage and liability must be covered under the vehicle owners Motor Fleet Insurance

## > **Property and Business Interruption**

We can provide cover for your business property and any loss of income or additional expenditure your business suffers in the event of a major incident such as fire, flood or theft at your business premises.

## > **Cyber Liability**

This cover protects your business in the event that it experiences a data breach or is the subject of an attack by a malicious hacker which affects your computer systems.

This cover will include; Cyber extortion (ransomware), system breach costs, business interruption, hacker damage, data security, social media activity
