

PIB Insurance Brokers
Haulage Insurance

Specialist haulage & logistics insurance

> visit pib-insurance.com

PIB Insurance Brokers has extensive experience working with haulage clients throughout the UK, providing in-depth knowledge and a reputation you can rely on.

We have been providing insurance solutions for the haulage and logistics sector for many years. Our experience has given us an in-depth understanding of the industry.

Protecting your fleet

We understand the haulage business

As a specialist broker, we're known for our competitive quotes, and also our strong, dependable claims support. With an expert team, dedicated to serving your needs and to keeping your business on track, we're proud to have earned the position of insurer to the Transport Association.

Our Cover

Whether you're a haulage contractor or carry your own goods, our experts tailor cover to suit your business, including:

- > Owner operators
- > HGV fleet operators
- > National & international hauliers
- > Specialist transporters
- > Warehousing
- > Couriers
- > All commercial vehicles - size, type or use sector

Expertise that makes the difference

We've insured some of the biggest names in haulage for over three decades. When you join the PIB family, you'll benefit from our detailed industry knowledge, our first-class personal service, and our full understanding of the risks you face and the pressures of the industry.

PIB Insurance Brokers offer comprehensive cover at the right price, including commercial vehicle, goods in transit, public liability, employers' liability (where appropriate) and legal expenses cover.

How we can help

- > In-house claims management service which recognises that vehicles off the road cost money, and goods-in-transit claims involve your customers
- > On-site loss adjuster, working for you and not the insurer
- > Expert knowledge of contract conditions (haulage and storage) to lead you through insurance and marketing opportunities
- > Wider wording and cover to give you full protection and competitive advantage
- > Our own insurance to protect your 'O' licence
- > Solutions for the Motor Insurance Database.
- > Private client division
- > In-house risk management & FORS accreditation support

We have worked with the PIB haulage team for some years now. They have access to a wide range of markets which means that they are always competitively priced but at the same time give a service that is second to none. On a day to day basis their claims service is excellent and they never fail to deliver. We would have no hesitation in recommending David and his team for any haulage business.

Michaela Edwards, Operations Director
S W Wreford Group

Why choose PIB Insurance Brokers

PIB Insurance Brokers is one of the UK's leading insurance brokers. We believe that first-class service – combined with tailored, high-quality, cost-effective solutions – are essential for gaining trust and building long lasting relationships. Our strengths include:

- > Company-wide commitment to quality and customer service - we're there for you!
- > Teams of experienced and highly qualified professionals who give hands-on advice, support and solutions, allowing you to focus on the things that you do best in your company.
- > Dedicated in-house senior claims specialists and chartered loss adjusters, working on your behalf.

More than just insurance brokers

Working with our colleagues at PIB Risk Management, we can offer risk management solutions to help your organisation adapt and improve, keeping the challenges of risk management to a minimum.

With an award-winning health & safety division (including training & QA), HR expertise and environmental specialists, you'll always be able to get the support you need.

Whether you're dealing with the HSE, trying to understand the implications of the latest employment legislation for drivers, or you want to implement an environmental management system, our complete risk management solution provides:

Health & safety services: common-sense solutions to meet legal compliance and commercial obligations, and to help you unlock the benefits of an effective policy.

HR support: flexible personnel management services, providing on-hand employment law advice, support and training.

Environmental management: for legal compliance, and to help you reduce your carbon footprint.

Training: a range of driver CPC and IOSH health & safety courses, available at a location to suit you.

Quality management services: helping you achieve international standards, such as ISO 9001:2015 certification, and gain the commercial benefits that this position brings.
