Growing international presence

The PIB difference

Since we formed, we've focused on doing things differently and it's this approach that has given us **poise and agility**.

Our commitment to sector expertise; our client-focused approach; our collaborative, entrepreneurial culture; our people, invested in and empowered to share their knowledge; our local network across the UK; a growing international presence and the breadth of our offering, including risk management, employee benefits, trade credit insurance, surety bonds and private clients - all combine to differentiate us in the market.

But we're more than the sum of our parts. We're agile and adept, flexible and fast-moving, always looking to move with the times and embrace the new. It's a formidable package, meeting your needs today, tomorrow and into the future.

Expertise is our specialism

We have focused on **investing in businesses and people** that are famous for their specialisms.

From agriculture to zoos and almost everything in between, our extensive capabilities are underpinned by the heritage and expertise of the businesses we've successfully acquired and integrated into our fold.

Our talented teams can provide you with extensive sector insight, experience and knowledge.

Awarded 5-Star Brokerages status by Insurance Business UK, named in the top 10 UK Brokers by Insurance Age, and PIB Group was ranked in The Sunday Times Virgin Atlantic Fast Track 100 and in The Sunday Times PwC Top Track 250, alongside our Chartered Status, our credentials are in no doubt.

Some insurance companies treat those they support as 'customers'; we have found the relationship with PIB being more as 'partners'. They understand our business, are really reactive to our requirements and are always available to give good, easy to understand advice whenever needed.

sets out how we aim to
always do the right thing.**

Environmental

We are on a journey to carbon neutrality. We are committed to making a positive difference to the communities in which we operate, continually identifying ways to manage the impact of our

business activities on the environment in a responsible way. Our goal is to achieve net zero status by 2035.

Social

We are committed to making a positive difference in the communities in which we operate.

Our colleagues are tasked to consider how their skills or talents could be used in their local communities and we support colleagues volunteering or fundraising for charitable and community causes.

In addition, the PIB Community Trust was set up at the end of 2020 to share a proportion of

our group's revenue with worthy causes. Our colleagues nominate causes and their own fundraising efforts are also boosted by the trust.
