Whenever one of your vehicles is involved in a motor accident, or damaged in any other way, the quickest way of getting it repaired is to notify your insurers as swiftly as possible.

At PIB Insurance Brokers, our experienced claim teams are well aware of this, and are on hand to support you in managing your claim to avoid unnecessary delays.

Whatever the incident, whether it be a motor accident, vandalism, theft of vehicle, or a broken windscreen, we understand that you want the claim to be settled as swiftly as possible. We will work closely with all parties to achieve this.

From the first notification of loss, we will help you in notifying insurers, making sure they are provided with relevant information, liaise with all parties to get the vehicle repaired, and keep you updated on the progress of your claim.

When involved in a motor accident, it is important to note the following:

- > Do not admit liability or discuss blame with the other party until you have sought advice from your insurer.
- > Obtain the name, address and telephone number of any other driver(s) involved, any other person(s) involved, any witnesses and any attending police officers.
- > Obtain the other driver(s) vehicle registration number, make and model of vehicle and the name of their insurer and policy number, if possible.
- > If it is safe and appropriate to do so, take a photo of the accident scene, damaged vehicles and any third parties.

Our experienced claim teams are here to support you and to efficiently manage your claim, from start to finish.
