

Commercial Property Claims

//////

The claims team at PIB Insurance Brokers has a vast array of experience in dealing with property claims, including major fires and floods.

Our 'hands on' approach coupled with a quick response time, and expertise in what is required from all parties involved makes PIB the broker of choice.

Property claims in their very nature can become involved and complex, but we can take the stress out of managing this for you. We liaise with insurers, accompany adjusters on site visits where necessary, and manage third party expectations. We can guide both you and any third parties through the claims process and assist in understanding any expert reports.

The team has a varied background in the legal sector, claims, insurance, and broking therefore they can effectively manage the lifecycle of the claim with your insurers, and keep you informed along the way.

Why PIB Insurance Brokers?

The answer is simple – added value!

The team doesn't simply pass the claim from you to the insurer. You will be allocated a single point of contact for your claims, who will support and guide you through the process. The handler will be able to discuss any claims trends with you and provide you with the direction that you need to avoid such claims in the future.
